Take it from us.

Federal regulations require a substantial penalty in the event of premature withdrawal. If you redeem your certificate before maturity, you will be entitled to the difference between the amount you deposited and the cost of the gift you received (including sales tax and delivery charges), plus interest on that amount at the then current interest rate payable for regular savings deposits, less three months' interest at such rate. The cost of the merchandise you choose will be considered income for Income Tax purposes in the year you invest in your certificate. South Shore Bank will send an interest statement to you indicating this amount.
